mode360°
PHOTO COMPOSER

MODE360° PHOTO COMPOSER IS A MINI STUDIO CREATED TO PHOTOGRAPH PRODUCTS (PACKSHOTS) AND 360° ANIMATIONS IN 3D.

The MODE360° Photo Composer concept uses:
→ Your Camera
→ Software controlled, LED lit chamber
→ Rotational Platform
→ MODEViD Software

The system is fully automated and features an easy to use, intuitive software interface of our included MODEViD basic software. In addition, the software also offers LED lighting control, editing features like background removal, pack-shots, presets, and quick online publishing to MODEViEW cloud and Youtube.

The MODE360° Photo Composer is a must have tool for creating product presentations in 360° and 3D for use in advertising, product brochures, websites, and online marketing campaigns, etc.

Optional extras:
→ Easy Slide-in changeable backgrounds
→ Lighting and photographic accessories

MODE360° PHOTO COMPOSER INCLUDED COMPONENTS:
1. Adjustable camera mount (zoom in, zoom out)
2. Movable track enables angle changes from 0-90°
